1. Introduction

Thoravalur Govt UP school is currently having 130+ students. Currently there are 6 teachers out of whom 3 are doing the administrative works and only 3 teachers are left with the teaching tasks. Since already 6 teachers are allocated (30 kids per teacher) govt is not keen to appoint a new teacher to the school.

This project was proposed by Sampathkumar Subramaniam who is from Tiruppur.

2. What we need?

In the current situation the school is mainly lacking an English teacher since it is a rural area of Tiruppur. The local social activist, Mr. MS Sambath Kumar hence came forward and was funding the school for a English teacher for the last couple of years. Through our member Sampath and Prakash , he got in touch with Sreshtabharath and requested the help in this matter.

A detailed meeting was held with the school PTA team and they submitted their formal request of help to the Sreshtabharath team.

4. Project execution

We put forth the request sent by the School Management to all our SB Members through our weekly meet, Emails/ Phone Calls. The committee agreed and collected the funds from Sreshtabharath members and near ones for this work. Our aim was to appoint the English teacher immediately to the school.

Project lead Vinod Krishnan handed over the payment cheque to the school.

5. Our takeaways from this project

We Sreshtabharath as a family learned a lot while driving this project. With our limited human resources, our members were not able to be present during the work time, but the management took the task and performed it at its best. We are planning to increase the scope for such projects and our participation by including more members to support upcoming projects. We were happy that for sure, students/teachers are benefited by our small initiative.
