1. Introduction

The Azhar LPS school at Pulpara, Kalpetta reached out to SreshtaBharath to help their students. The headmistress, P Geetha had said that the tribal children needed these phones as classes are online and it would be difficult for the children to study without smart phones.

2. Aim

The purpose of this project was to provide smart phones for tribal kids as classes are being conducted online. They are not able to afford such costly phones due to their families financial condition.

3. Methodologies

We conducted our SreshtaBharath members and were able to provide four smart phones to four children. Swamiji Hamsananda Puri, Naranarayana Ashram, Meenangadi. came and willingly distributed it to the four needy children. Swamiji had been constantly working along with the group, for their upliftment activities under the guidance of Swami. Chidananda Puri, Adwaithashram, Kozhikode. This was a greater happiness among the NGO members and discussion with him turned out to develop this project.

4. Project Execution

The school teacher Miss Nisha and the Sreshtabhrath founder member, Prakash Narayanan arranged the mobile distribution in the Rattenkolly Colony of the students.

As shown in the below photos Swamiji went along with us directly to the colony where the children live and distributed to the four children. All were very thankful.

To
President
'Sreshtha Bharath'

Sir, This is an institution in which large number of tribal students study who belong to Parisa, Kattuniska sects. But being online class system now-a-days some of the students find it difficult to follow digital classes due to lack of smart phones. Under this circumstance we informed the same to 'Sreshtha Bharath' organization and they readily agreed help to overcome the situation.

So I take this opportunity to show our deep sense of gratitude towards 'Swamiji' of Narayana - Ashram Meenangadi, Mr. Prakash, founder of Sreshtha - Bharath and respected President of the who for coming to the houses of the four childrens and presenting them smart phones. Please accept our bouquet of thanks

Thank you

Geetha
