1. Introduction

Advaithashramam, Meenangadi would like to initiate a project along with SreshtaBharath in the service sector to benefit the local community for their day-to-day life activities. They requested us to support them and their activities.

2. Aim

The purpose of this project was to help open a Seva Kendram for the local community. An average community member is helpless to the various issues which he faces in his day to day life. Apart from his relatives or some selected friends, he don't have a place where he can go and discuss his issues without hesitation. Since the lack of such service, many youngsters find shelters in other organized methodologies or institutions , or they find solace in Alcohol or even in suicide. The mission here is to make a center where a normal Hindu, keeping his social and traditional beliefs intact, can discuss all issues under the sun and find out a solution to all the issues.

3. Mode of support and execution

We had the great blessings of the project by Swami. Hamsananda Puri, Naranarayana Ashram, Meenangadi who took direct charge of this project. Swamiji had been constantly working along with the group, for their upliftment activities under the guidance of Swami. Chidananda Puri, Adwaithashram, Kozhikode.

4. Contribution

ShesthaBharath donated a sum of 1 lakh for this project.

From this donation the Dharmaseva kendram was started in Meenangadi.

5. Mission

To create a social unit in Wayanad , specifically in Meenangadi, which can be a helping center for the Hindu community residing in this hilly region of Kerala. A 24 hour service facility, with a volunteer and a vehicle, will be included in this unit so that any situation and any service can be availed at any point of time.

6. DharmaSevaKendram – activities

The helping unit will address all issues who come in the center.

A) One expert panel will be constituted in the centre who will address the issue. The Panel will consists of educated and respected retired community members from different walks of the society, like Teachers, Lawyers, Financial experts, Police officers, Bureaucrats, Doctors, Professionals etc..

B) Swamiji will be the Patron of the unit.

C) A 24-hour support volunteer with a vehicle will be available in the centre always. The centre will have a fully-fledged communication facility with Internet and mobile phones and a help room and a storeroom.

D) The support which are provided can be any of the following like

- a. Food supply
- b. Emergency rescue
